## PROFILE SUMMARY

Energetic and innovative Front-end developer with solid skills in front-end technologies like HTML, CSS, JavaScript, Bootstrap, etc., to deliver intelligent web solutions and transformative services. A performance-driven developer with excellent technical expertise. Quick to learn new skills and swiftly adapts to new technology. Works well under pressure and delivers within agreed time scales and budgets, ensuring quality solutions that meet business objectives. Seeking an entry-level front-end web developer position to properly utilize my web development skills and knowledge to promote user satisfaction and gain work experience.

## CORE COMPETENCIES

- Testing and troubleshooting issues or bugs to ensure optimal user experience
- Good understanding of server-side CSS pre-processing, such as SCSS
- Knowledgeable and skilled in creating responsive designs
- Proficient in diagnosing and fixing cross-browser compatibility issues
- Solid knowledge of design patterns and architecture
- Ability to translate UI/UX designs into actual code
- Able to work independently and as part of a team
- Excellent analytical & problem-solving skills
- Ability to multitask responsibilities and projects
- GOO communication, interpersonal, and organizational skills

## EDUCATION

- The Complete 2021 Web Development Bootcamp** (by Dr. Angela Yu) **2020 - Present**
- FoxmindEd Educational Centre** **2021**  
Front-end development (React) course
- Zhytomyr State Technological University (Ukraine)** **2005 - 2012**  
Master's degree in mechanical engineering (Metal-cutting machine tools)

## EXPERIENCE

- Freelance Front-end Web Developer** **Upwork** **July 2021 - Present**
  - Work with clients to create the overall look and design of websites.
  - Use programming languages such as HTML5, JavaScript, CSS, jQuery, and Node.js to create website code. Create, maintain, and modify websites and user interfaces.
  - Test and troubleshoot websites for usability, speed, and other quality factors.
- Production Technician** **Olymel LP, Strathmore, AB** **May 2018 - Apr 2021**  
**Hans Pinstrup, Denmark** **Sep 2016 - Sep 2017**
  - Troubleshoot production issues and implement necessary corrective actions.
  - Ensure compliance with safety policies and maintain high work standards.
- Waiter** **Oceania Cruises, Miami, USA** **June 2014 - Nov 2015**
  - Provided excellent customer service to guests and resolved complaints promptly and professionally to increase customer satisfaction.
- Drafting Engineer** **HYPROMEZ Ltd., Ukraine** **Jan 2013 - Mar 2014**
  - Developed design and analysis documentation, such as specifications, design practices, site work instructions, certification documents.
  - Collaborated with other engineers to complete thorough engineering analyses and identify cost, quality, and delivery risks.
